ADCO, The Consumer's Choice...

Thank you for your interest in ADCO. ADCO has remained the dominant supplier to the automotive industry, RV industry, marine industry, hearth & home industry, power sports industry and equine industry. Our retail products can be found throughout the world and our OEM products have satisfied the likes of many Fortune 500 companies.

Please take a moment to review our product offering and rest assured that all ADCO products are made with the utmost in quality and design.

We will gladly answer any questions or concerns by calling (800) 541-2326.

Business to Business Contract Sewing

ADCO prides itself in vertical integration. Unlike many cut and sew manufacturers, we go beyond the "stitch" and boast in-house printing, in-house injection molding and in-house fabric lamination. This in turn allows us to uphold consistent quality parameters and maintain control over supply side components. ADCO owns and operates several plants in both the US and China. We can supply retail ready products by the container or by the pallet.

Call us today to see what ADCO can do for your business!

How to Order ADCO Retail Products

For a dealer near you please call (800) 541-2326 or visit us online at www.ADCOprod.com

Fabric Guide

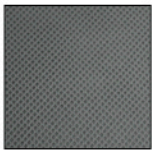
SUNBRELLA ™ *Highly recommended for All Climates*

- Sunbrella® is the premiere name in durable long life outdoor fabric
- Unsurpassed reputation worldwide in outdoor fabrics
- Soft, promotes breathability, and made custom to perfectly fit your RV
- Available for custom-fit covers only

TYVEK® RV *Recommended for Intense Sunshine, Moisture, Snow, and Long-Term Storage*

- Bright white fabric designed to keep your RV cooler by reflecting infrared heat
- Blocks 99.8% of the sun's damaging UV rays
- Backed with a layer of polypropylene for extra durability
- Available for Custom and Contour-Fit covers

SFS AQUASHED™ *Recommended for Moderate Sunshine and Moisture*



- Provides triple the protection compared to standard covers
- Beads water on contact, maximizing resistance to high humidity, rainfall and UV
- It breathes, virtually eliminating ice build-up, mold and mildew
- Available for Contour-Fit covers only

POLYPROPYLENE *Lightweight Companion Fabric*

- Most popular material used in car cover manufacturing
- High performance, non-woven fabric
- Water repellent, breathable and non-abrasive
- Lightweight fabric allows for easy installation on large vehicles
- Available for contour-fit covers only

GAME CREEK "OAKS" CAMOUFLAGE *Durable RV Accessory Fabric*

- Designed to look like a 3D forest and blends into most any landscape
- Durable PET material
- Extremely lightweight yet still an excellent water and moisture barrier material
- UV and Cold Crack Treatment prevents cracking

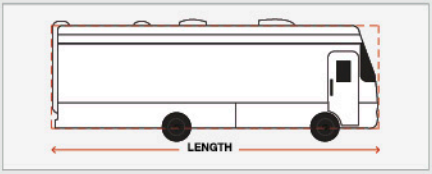
DIAMOND PLATED VINYL *Super Heavy-Duty RV Accessory Material*

- Super heavy-duty vinyl construction
- Designed to look and feel like diamond plated steel
- Soft inner lining protects your RV accessories from scratches and abrasions
- UV and Cold Crack Treatment prevents cracking

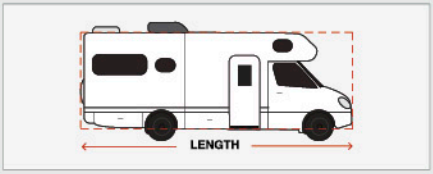
How to Measure Your RV

Measure your RV from the longest two points to determine proper fit, including bumpers, spare tire and ladder - but excluding hitch. Cover is designed to accommodate rooftop accessories so no need to account for A/C or vents.

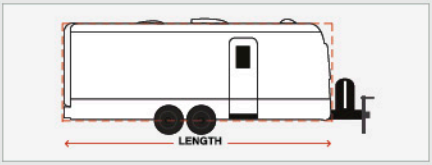
CLASS A



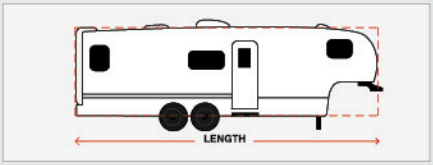
CLASS C



TRAVEL TRAILER



5TH WHEEL



TOY HAULER
